Why I voted Yes on H.J.Res. 77

I voted Yes on H.J.Res. 77, the Resolution of Disapproval of Debt Limit Increase. I supported this procedural resolution, provided for by the Budget Control Act, because it is an opportunity for Congress to signal that we are committed to controlling spending and putting our nation on a path to long-term fiscal stability moving forward. The resolution passed by a vote of 232-186-2.
