

Hanna to talk careers, education with Frankfort-Schuyler 10th-graders

FRANKFORT, N.Y. – U.S. Rep. Richard Hanna (R,C,I-Barneveld) this afternoon will have a roundtable discussion with 10th–grade students at Frankfort-Schuyler High School to hear their views on Congress, education, careers and other topics.

“It is imperative that we engage students, teachers, parents and school administrators in regard to our educational systems,” said Hanna, who is a member of the Education & the Workforce Committee. “Here is where some of our best ideas will be found, not from a bureaucrat’s office in Washington. The best way to serve our educators and students is to not only listen, but act on their ideas, concerns and goals for the future.”

Hanna will meet with students in Mrs. Michelle Cleveland’s 10th Grade Global Studies class.

Hanna also announced he will be serving on three subcommittees as a member of the Education & the Workforce Committee:

- Higher Education and Workforce Training
- Early Childhood, Elementary and Secondary Education
- Health, Employment, Labor and Pensions

“Education is a key component to our competitiveness because as your education system goes, so goes your country,” Hanna said. “I am honored that Principal Donald Stankavage, Mrs. Cleveland and her students are welcoming me today into their classroom. I look forward to learning a lot from them.”
