

I voted Yes on H.Res. 516 , Expressing the sense of the House that the passage of a fiscal year 2013 Federal budget is of national importance.

This resolution expresses the sense of the House of Representatives that passing a federal budget for Fiscal Year 2013 is of national importance. The resolution states that the American people routinely set budgets for themselves and their businesses, but the Senate has not done so since 2009.

Both chambers of Congress should approve an honest budget every year. Families and small businesses plan for the future and government should too. It's just that simple.

The resolution was approved by a vote of 410 - 1 - 1.
